East Lycoming School Board
349 Cemetery Street
Hughesville, PA 17737

Dear Members of the East Lycoming School Board,

I am writing to formally express my interest in the current Region #2 vacancy on the East Lycoming School Board. As a resident of the Borough, I am deeply committed to the success of our local schools and the long-term growth of our students.

My professional background uniquely positions me to contribute to the board's mission. For the past 20 years, I have worked at the Pennsylvania College of Technology, where I assisted students in navigating and implementing accommodations to ensure their academic success. This role has given me a front-row seat to the challenges students face as they transition from high school to post-secondary education and vocational careers

If selected, I will bring the following to the board:

- Vocational & Academic Insight: A deep understanding of what students need to succeed in both traditional academic settings and skilled trades.
- Advocacy Experience: Decades of experience working with diverse learning needs and ensuring educational accessibility,
- Community Dedication: A lifelong interest in helping our local youth attain the education necessary for meaningful future employment.

I look forward to serving and partnering with the East Lycoming School District community to ensure our financial resources are allocated as effectively and transparently as possible. Thank you for your time and consideration.

Sincerely,

Doreen C. Shannon

Subject: Application for Hughesville Borough Seat Vacancy

Dear Members of the School Board,

I am writing to formally apply for the seat vacancy for the Hughesville Borough. I am highly interested in contributing my skills, experience, and commitment to supporting the educational goals and values of the district.

I bring with me experience in a variety of different fields. I have a Bachelors degree in Business Management from The Pennsylvania State University. I am an Eagle Scout, an achievement that reflects my dedication to leadership, service, responsibility, and community involvement. Through Scouting, I have developed strong organizational, teamwork, and problem-solving skills, as well as a deep appreciation for civic responsibility and ethical leadership. I also volunteer my time with multiple youth sporting leagues throughout the year. I am particularly drawn to this opportunity because I have three children that are students of this school district and I would like to help make their educational journey the best it can be.

Throughout my career, I have demonstrated strong abilities in policy development, collaboration on projects, communication with different levels of management and daily problem solving to make my departments run efficiently and effectively. I believe these skills, combined with my passion for education and community engagement, would allow me to make a meaningful contribution to the school board's work.

I would welcome the opportunity to further discuss how my background and interests align with the needs of the board. Thank you for your time and consideration.

Sincerely,
Eric J Miller

Hughesville, PA 17737

SUBJECT: School Board Vacancy – Region #2 (Hughesville Borough Ward #1 & #2)

Please accept this letter as my formal “Letter of Interest” for the above referenced School Board Vacancy. My wife, Rebecca, and I have been residents of the Borough since October 1988 and have resided at the above address since that date. We were married in 1974 and will be celebrating our 52nd Wedding Anniversary this year. In addition, we own a second property at 170 Crawley Street which is where our son Douglas lives with his 11-year-old daughter our granddaughter, Arabella. Arabella is a fifth grade student at Ashkar Elementary. Our daughter Emma lives at 131 South 2nd Street here in the Borough with her husband Adam. Both Douglas & Emma are alumni of Hughesville High School.

I have been a small business operator since 1984. My business involves daily interactions with Local, State and Federal governmental and private establishments. I provide consulting services for these agencies, companies, municipalities, towns, cities and boroughs in the water storage tank industry. My services include the initial evaluation of the structure to determine the existing condition, providing project specifications for the repair, cleaning and painting, performing independent, unbiased, third party quality assurance inspection and documentation of the work performed by the contractor to ensure the water tank owner receives what they contracted for. I have overseen numerous negotiations between my clients with engineers, consultants, contractors and cell carriers in resolving conflicts between the parties. I collaborate with engineers and paint/coating suppliers on a daily basis. In addition, an area of special expertise is working with water tank owners in negotiating with cell carriers for the installation of cellular equipment on their water storage tanks.

In years past, I have coached Jr. High Basketball at East Lycoming and officiated PIAA High School Basketball. I am currently umpiring Little League Baseball and Softball, Travel Baseball and Softball, plus USA Softball. These activities have permitted me to become a better listener, while rendering split second decisions and judgements based upon the rules. Knowledge of the rules and the proper application of those rules are paramount in “getting it right”.

I believe I would be a good addition to the School Board based upon my business experience, my negotiation experience, the ability to listen to and consider issues in a calm demeanor and then to act accordingly in a timely fashion. I consider myself a “TEAM” player. I have successfully operated a specialized business for 42 years on a single principle which has served me well. That principle is “Treat Others the Way You Would Like to be Treated”.

Thank you for your time and consideration.

Sincerely,

Douglas A. DeClerck
